Hi, yes, lots of stories—including Colorado, Utah and more-- clipped to 8-net over the past few days. The national and regional news cycle on this – both straight news and editorial-- was massive. <http://r8net.epa.gov/>

Some examples:

<https://www.denverpost.com/2018/12/01/climate-change-impact-colorado/>

<https://www.deseretnews.com/article/900044806/utahs-wildfires-record-heat-and-low-snowpack-welcome-to-climate-change.html>

Subject: Q re: NCA4

Rich,

Did the National Climate Assessment get any local coverage that you saw?

Laura
